This system is accessible for authorised users only. Please click on “Register New User” to sign up for a new account.

Login Page

The screenshot shows a login form with the following elements:

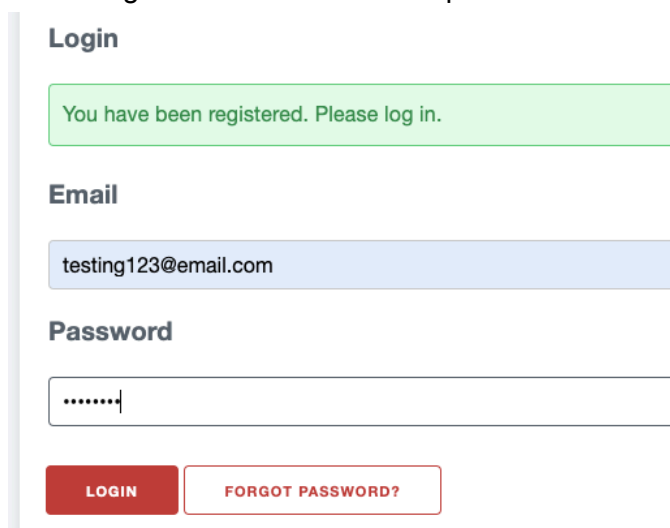

- Login** header
- Email** label and a text input field.
- Password** label and a text input field.
- LOGIN** button (red) and **FORGOT PASSWORD?** button (red).
- REGISTER NEW USER** link (red) at the bottom.

The screenshot shows a registration form with the following elements:

- Register new user** header
- Email** label and a text input field containing "testing123@email.com".
- First Name** and **Last Name** labels with corresponding text input fields containing "Jason" and "Yun".
- Password** and **Retype Password** labels with corresponding text input fields containing "*****".
- REGISTER** button (red) and **BACK TO LOGIN** button (red).

Click “Register” after details are input.

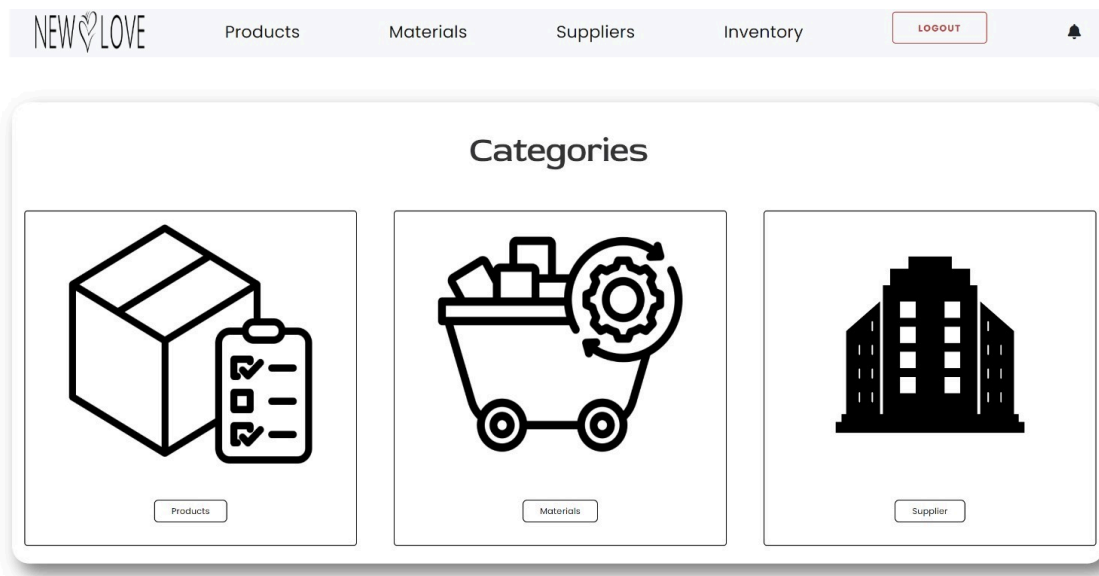

The screenshot shows the login form after registration, with the following elements:

- Login** header
- A green message box: "You have been registered. Please log in."
- Email** label and a text input field containing "testing123@email.com".
- Password** label and a text input field containing "*****".
- LOGIN** button (red) and **FORGOT PASSWORD?** button (red).

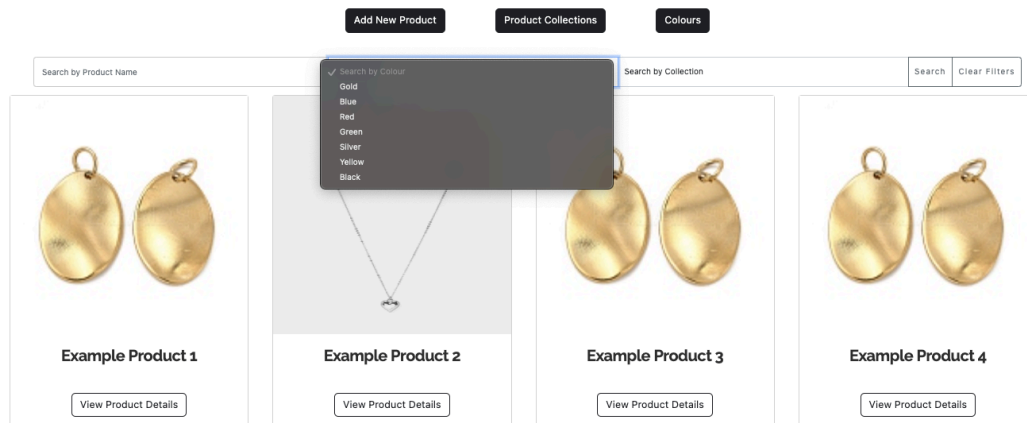

Click “Login” to proceed to the home page.

Home Page

Clean and simple home page shows all the possible directories available. Users could browse through the navigation bar or those three categories (Products, Materials and Suppliers) inside the container.

Products Page (Products List)

Displays all products that have been added to the system. Search and filter feature (drop-down menu) is also available, which allows users to sort the result efficiently.
